Computer Science Graduate Entry-Level Software Developer

PROFESSIONAL PROFILE

Entry-level Computer Science graduate with hands-on projects in full-stack development, Python CLI tools, Rust cybersecurity utilities, and C programming. Seeking software developer, IT analyst, QA, or cybersecurity-related roles.

EDUCATION

Texas Tech University — Lubbock, TX
Bachelor of Science in Computer Science
Minor in Mathematics
Expected Graduation: May 2026

TECHNICAL SKILLS

Languages: Python, C, C++, JavaScript, Rust
Web Development: React, Node.js, Express, MongoDB, REST APIs
Tools: Git, GitHub, VS Code, Linux/Command Line
Libraries: NumPy, Matplotlib
Concepts: Object-Oriented Programming, Data Structures, Debugging, CLI Development, Technical Documentation

PROJECTS

File Hash Scanner — Rust, CLI, File Hashing, Signature Matching

- Built a Rust command-line cybersecurity tool that scans files and computes file hashes.
- Added signature-file support to compare hashes against known file signatures.
- Implemented error handling for missing files, invalid inputs, and unsupported signature formats.

NetCapRisk — Python, CLI Development, JSON Output, Network Analysis

- Developed a Python command-line tool for assessing network capacity risk and identifying potential bottlenecks.
- Added command-line arguments and structured JSON output for reporting and automation.
- Organized the project as a reusable Python package runnable from the command line.

E-Commerce Website Project — React, Node.js, Express, MongoDB, Stripe

- Built a full-stack e-commerce web application with a React frontend and Node/Express backend.
- Implemented product browsing, user authentication, cart functionality, and payment integration.
- Connected the application to MongoDB for persistent product, user, and order data.

EXPERIENCE

LokaLingo — Tokyo, Japan
Marketing and Content Creation Intern
Jun. 2024 – Jul. 2024

- Created and curated social media content, increasing brand engagement by 50%.
- Assisted with content strategy, blog posts, newsletters, and audience research.

Texas Tech Hospitality — Lubbock, TX
Student Services

Oct. 2023 – Feb. 2024

- Delivered customer service in a fast-paced environment while resolving guest issues and maintaining service quality.
- Supported compliance with health and safety standards through regular checks and consistent procedures.
